Dear Celia

I trust this email finds you well.

The phenomenal support and trust that Data world places in us through their investment is appreciated more than words can ever say.

We want to emphasize what a difference you make in your ongoing support of HospiceWits' work. Every cent you donate positively *changes a life* in some way – either through home-based care, or in one of our In-Patient Units that cater for both children and adults. This is our reason for being, and you are the reason we exist. Your support enables us to continue to keep our promise, *no end to caring*.

**Johannesburg Bowling Association**, we are very proud of our partnership with you. Your generosity, compassion and friendship is appreciated enormously.

On behalf of all the staff at HospiceWits, Thank you once again. Watch your inbox regularly for exciting updates and the latest news from our Marketing Department.

Yours sincerely

Beulla Mpinyuri  
Marketing Assistant
